"Debate Competition" Workshop Report

21/06/2023

Jagruti Shikshanshashtra Mahavidyalay is always striving to produce quality teachers. Maximum emphasis is laid on personality development of students. Lectures by expert guides are organized every year in the college.In order to develop creativity along with study and teaching skills, various workshops are presented by the students.

Seminars, group discussions, workshops, various competitions are organized through Pedagogical subjects. Through this, creativity of students is encouraged. At the same time, various workshops are organized with the aim of promoting the thinking process of the students and presenting the activities through the creativity of the students.

For this, the topic of 'Should be Uniform Civil Law or not' was chosen. A group of students who expressed their opinion that there should be a uniform civil law and another group of students who expressed their opinion that there should not be a uniform civil law were formed. Participating students were instructed to study about the subject.

During the actual debate, the students of both the groups were seated face to face. The participating students expressed their opinions strongly. Both sides brainstormed very well. The audience sitting in front also asked different

types of questions to the students of both the groups. Therefore, the thinking and thinking ability of the students was seen.

In this workshop, groups were formed in the following manner.

Sr. No.	'A' Group	'B' Group
_ 1	Abdul Sattar	SatishKamble
2	Akshay Hukkeri	Sayali Mali
3	Dattu Patil	AshwiniNaik
4	Swarup Vadgaonkar	VaibhavShelolkar
5	Swati Patil	MayuriRane
6	Aditi Patil	ArchanaChaugule

Other trainees played the role of spectators and participated in the question and answer session.

"Group Discussion"Report

21/06/2023

Jagruti Shikshanshashtra Mahavidyalay is always striving to produce quality teachers. Maximum emphasis is laid on personality development of students. Lectures by expert guides are organized every year in the college. In order to develop creativity along with study and teaching skills, various workshops are presented by the students. Seminars, group discussions, workshops, various competitions are organized through Pedagogical subjects. Through this, creativity of students is encouraged. At the same time, various workshops are organized with the aim of promoting the thinking process of the students and presenting the activities through the creativity of the students.

A workshop on 'Demonetization and Black Money as a Reality' was organized in the college as a "Group Discussion". A total of eight students participated in the group discussion. One of the students was given the responsibility as the president of that group. A panel discussion was held on demonetization and black money as a reality. Each participating student was given a sub-component and asked to prepare academically on it.

On the next day, a presentation was held in the college. First, each participating student presented his/her topic for five minutes each. The audience students then asked questions to each of the participating students according to

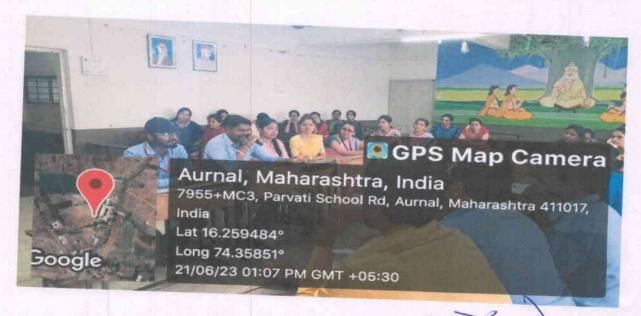

their component. The thought process of the students was stimulated through this discussion which usually lasted for an hour.

The following students participated in the team.

Sr. No.	Name of Student	Name of Topic
1	Anupama Deshmukh	Demonetization concept
2	Tejaswini Ringane	The need for Demonetization
3	Mayuri Rane	Disadvantages of Demonetization
4	Pooja Thorat	Situation in India due to Demonetization
5	Tejaswini Shinde	Demonetization and Inflation

Other students participated as an audience.

"Content Picture" Wallpaper Report

Jagruti Shikshanshashtra Mahavidyalay is always striving to produce quality teachers. Maximum emphasis is laid on personality development of students. Lectures by expert guides are organized every year in the college.In order to develop creativity along with study and teaching skills, various workshops are arranged by the students.

Seminars, group discussions, workshops, various competitions are organized through Pedagogical subjects. Through this, creativity of students is encouraged. At the same time, various workshops are organized with the aim of promoting the thinking process of the students and presenting the activities through the creativity of the students. Keeping in mind the purpose of promoting the thinking ability and creativity of the students, instructions are given to the students to present the content based on the current environmental problems under the topic of 'Environmental Education' through pictures. Each student was given a problem and asked to proceed accordingly. In this, students were asked to present content through pictures on topics like population growth, water saving, tree conservation, pollution, save the earth, smoking, electricity saving, covid' one crisis, noise pollution, water pollution and addiction. Students made posters about the given problem and presented them in the college. Also B.Ed. second year trainees participated in this.
